EHC Needs Assessment Workshop for Practitioners

This workshop was co-produced with social care practitioners, with further input from the Designated Clinical Officers. It will benefit practitioners from health, social care and education who work with families who may be considering, or going through, an EHC Needs Assessment. It will be supported by the Assistant DCO.

Lowestoft - Kirkley Children’s Centre
Kirkley Road, NR33 0LU
9th December 10am – 1pm

The session explores:

- The purpose and threshold of an EHC needs assessment and who can request one
- The timeframes, content and how practitioners can be involved
- How parents and pupils are involved
- The purpose of an EHC plan and who is responsible for what.

NB: The session does not look at how to fill in a learning setting or family views form when an EHC needs assessment request is lodged.
